

New Forest Hospital Radio

New Forest Hospital Radio is the entertainment service for the Lymington New Forest Hospital.

It's a Radio Station with the studio located in the Hospital. We have state of the art equipment from which we broadcast to hospital patients and produce pre-recorded programmes for local care homes.

NFHR is staffed entirely by volunteers from the local community. NFHR has around 50 volunteers including request collectors, presenters and technical support.

Every afternoon, our request collectors tour the wards talking to patients and then make up the programme which is broadcast live between 7pm and 9pm each day with a repeat broadcast at 12 noon the next day. We broadcast 24 hours a day and you can also listen to us on the Internet. Just go to our website and click on the listen live link.

Volunteers must be over the age of 18 and willing to be DBS checked (previously CRB).

Request Collectors

Our request collectors give a few hours once a fortnight to visit the wards, talk with patients and collect requests. We always welcome new volunteers.

A reasonable knowledge of music is useful, you will find that the patients have quite an eclectic mix of music choices, anything from Beethoven to Boney M! Our Collectors have a friendly and sympathetic manner and are invaluable company as they may be the only visitor the patient has that day apart from medical staff.

We give full "on-the-job" training, there's a regular bus service to the Hospital and car parking is free to volunteers.

For more information

Call the studio on 01590 663366
or email chairman@nfradio.org.uk

Presenters

Our presenters are trained in-house over several months and when they are ready they complete their 'test' show before they 'fly solo'. We are proud to say that several of our presenters have gone on to make careers in commercial radio.

We broadcast from a computer based system but we retain the ability to play vinyl, CDs and mini-disks all of which are a part of our extensive library of over 25,000 tracks, plenty to choose from!

Support Staff

We are always happy to have more volunteers join us to support the activities of Hospital Radio, from the technical maintenance of the studio equipment and computers to the manning of stands on an Open Day your skills would be gratefully received and your time would be appreciated.

Please do not hesitate to contact us if you have a few hours to spare. New Forest Hospital Radio—help us to help the medicine go down!
